

ABSTRACT TO THE DISCLOSURE

LIST SYSTEM FOR THE RETURN OF INFORMATION CONCERNING  
THE DISTRIBUTION OF ITEMS SENT BY MAIL OR PARCEL POST

5

This list system for managing the return of information concerning the distribution of items sent by mail or parcel post to their addressee in exchange for proof of distribution includes distribution lists for distributing agents, said lists being formed of a single sheet (1) whose front side comprises for allocation to an item an area (10) subdivided into compartments, one counterfoil (11) remaining on said sheet and for receiving via printing the information concerning said item in a code form, and one compartment (12) so as either to remain on the document as proof of distribution or be detached from it so as to form a non-delivery notice label, and withdrawal note cards which are customised by affixing said non-delivery notice label.
